BUSINESS ASSESSMENT:
THE 7 STEPS TO PROFITABLE BUSINESS GROWTH

The Entrepreneur Virtual Leadership Program for Multicultural Women offers a powerful set of assessments to provide deep insight into how your organization performs on the 7 fundamental business functions required for growth. These are the functions you must execute well to acquire new customers, grow revenue, and become investment grade. The assessments are designed to provide a cross functional view of your business to accurately determine where your growth efforts are being constrained. Fundamentally the lower your organization scores in a given step the greater the constraint on your growth.

THE SEVEN STEPS TO PROFITABLE BUSINESS GROWTH

1. Know Thy Customer
2. Know Thy Competition
3. Develop Strong, Actionable Segments
4. Articulate a Meaningful, Defensible Value Proposition
5. Commit to Sales as a Differentiator
6. Build Passion and Commitment in the Team
7. Align Everything

- **Know Thy Customer** - Deep customer intimacy provides the foundation for creating solutions that solve meaningful problems that can be economically justified. Knowledge of customer buying behaviors and barriers to buying are crucial to consummating sales.
- **Know Thy Competition** - A high quality, unbiased and formal understanding of the competitive landscape provides the basis for determining market entry viability, and truly effective market positioning.
- **Develop Strong, Actionable Segments** - A true understanding of market size and the segments that exist within it provides the entrepreneur with the ammunition to create focus and dominate segments.
- **Articulate a Meaningful, Defensible Value Proposition** - A solid value proposition is the cornerstone of market messaging, for setting hooks with customers that inspire them to take next steps through the sales funnel, and for sales/customer dialogue.
- **Commit to Sales as a Differentiator** - Successful execution of a business plan requires as much valuable differentiation as possible. Customer engagement strategies and sales execution must be part of this.
- **Build Passion and Commitment in the Team** - Simply put, inspired teams created inspired results. Over time, in the heat of continuous battle and the overcoming of consistent commitment can wane.
- **Align Everything, Establish a Drumbeat** - Rapidly growing, resource constrained organization must manage commitments, aligns its resources and stay focused on the critical success factors.

WHY THIS PROGRAM?

“We know that diversity, inclusion, and differences enrich our program and we honor this. Now more than ever, our programs are transformative, professionally, emotionally, and internally... there is an identity shift. It’s very important that you have that safe space with high achieving entrepreneurs and professional women, that you come together, you feel that energy, you feel supported and you explore your leadership. And shifting to virtual has worked. We have all adapted and are grateful that we can still come together, when we do weekly video conference calls, virtual leadership sessions. We see each other. We support each other. We bond and support each other, and we don’t need to be in the same city, state, or even country... we can connect. We are all in this together.”

Research around the world has found that diversity and inclusion benefit individuals, organizations, teams, and society. Multicultural women are the fastest-growing group in the U.S. workforce but remain one of the least represented in top decision-making positions at Fortune 500 companies. This poses a fundamental problem for business owners and corporations seeking to serve the global marketplace.

Entrepreneurs need to become much more adaptable to rapid changes in the marketplace. In addition, they need their businesses to be flexible and agile to match changing times, at a time when it’s getting harder to retain customers while controlling costs. Multicultural women leaders must be able to articulate a globally encompassing vision that inspires others to work together in a gender-inclusive culture and maximize a triple bottom line: organizational profit, individual fulfillment, and societal enrichment. We offer that first steppingstone.

The Dr. Yasmin Davidds Leadership Institute has a long-standing commitment to promoting a diverse and inclusive culture through our programs and their impact. We are committed to our students and how their values intersect with their commitment to excellence and their ever-evolving leadership journey which impacts their personal and professional bottom line.

“We believe that the recent world events serve as reminders that the intolerance of diversity persists within the fabric of our society and it’s being brought to the surface for us to address and heal. Diversity and Inclusion are one of our leading values and we strive to explore and strengthen these common values across our programs, fellows, and community. We consider ourselves fortunate to have a curriculum that explores these themes by the first-class faculty and among professional extraordinary women of every culture.”
